DATA SYSTEMS

The Healthcare Intelligence Company

Better **Technology**, Better **Patient Outcomes**, Better **Financial Performance**

Sentry Data Systems offers healthcare business intelligence technology solutions that address a variety of operational, workflow, compliance, and financial challenges found within hospitals and pharmacies.

Sentry's solutions improve your overall efficiency, compliance, and performance.

Sentry serves hundreds of hospitals and pharmacies across the country and has saved clients millions of dollars to date. Sentry processes millions of eligibility, financial, clinical, and pharmacy transactions per day on over 15 million patients.

Improved Performance Goals

"Sentinel RCM is easy to maintain with ongoing proactive notification of potential issues. We are light years ahead with Sentry. Saint Barnabas has realized dramatic fiscal and performance improvements with Sentry."

— **Drew Misuro, Corporate Vice President**
Saint Barnabas Health Care System

Sentinel RCM Made the Transition to 340B Easier

"Sentry provided us the tool with which to teach (our buyers) what 340B was, and it also provided the means to provide them with virtual, real-time reporting on cost savings so that they could see the results of their work."

— **Maribeth Rouseff, Assistant Vice President of Employee Health Services and Wellness Advantage**
Baptist Health South Florida

Sentry's Solutions

- ▶ Discover money-saving opportunities for your hospital.
- ▶ Effectively manage your entity's inventory.
- ▶ Automate operation of decision processes based on configurations guided by your Policies and Procedures (P&Ps).
- ▶ Generate savings and increase the viability of your hospital.
- ▶ Provide your staff with an easy-to-use interface and intuitive reports.
- ▶ Perform data analysis on metrics that can have a financial impact within the quarter.
